

SENIOR ENGINEER / PROJECT MANAGER

Concord, New Hampshire

The H.L. Turner Group Inc. is offering an exciting career opportunity for an innovative, senior level engineer/project manager with strong technical, and client relationship experience to join the firm's Engineering Group. Candidate will develop heavy civil/structural designs, as well as plan, coordinate, direct, and supervise design teams for building and hydroelectric projects – public and private. Strong communication skills are required.

Qualifications/Skills:

- Minimum 15 years of design experience and a BS in Civil or Structural Engineering.
- Registered Professional Engineer.
- Lead the design, management, and growth of our hydropower engineering group.
- Ability to coordinate with design team, clients, and local/state/federal agencies.
- Strong design skills and reputation in the hydroelectric power market for dams and hydropower services as well as a variety of building projects.
- Familiarity with federal, state, and municipal permitting requirements. Knowledge in the Federal Energy Regulatory Commission (FERC) process is a plus.
- Occasional travel and site visits are required.

The H.L. Turner Group Inc. is an award winning, multi-discipline Engineering & Architectural firm headquartered in Concord, NH. Equal Opportunity Employer.

Competitive compensation and benefits package included for the successful candidate. All inquiries will be held in the strictest of confidence. Please send resumes to Sara Ihle at The H.L. Turner Group Inc., 27 Locke Road, Concord, NH 03301, or via email at sihle@hlturner.com.
